

Vacancy

CLPe Solutions Limited
Contracting Business Department
Infrastructure Branch
EV Projects Section
Project Manager
[Ref. CLPeS-CB-I-PM]

CLP was founded in Hong Kong in 1901, at a time when electricity was still a novelty worldwide. Today we are an investor and operator in the energy sector of the Asia-Pacific region. In Hong Kong, we operate a vertically-integrated electricity supply business providing a highly reliable supply of electricity to 80% of the city's population. Outside Hong Kong, CLP holds investment in the energy sector in Mainland China, India, Southeast Asia, Taiwan and Australia. Its diversified portfolio of generating assets uses a wide range of fuels including coal, gas, nuclear and renewable sources.

CLPe Solutions Limited (formerly CLP Engineering Limited), incorporated in Hong Kong in 1985, is a wholly-owned subsidiary of CLP Holdings Limited with extensive experience in providing total energy solution. The company undertakes a variety of services including energy management solutions, distributed energy as well as power engineering, infrastructure and facilities management.

We are looking for a high caliber professional to join our Contracting Business Department as Project Manager. Key responsibilities include:

- Lead a multi-discipline team which is responsible for design and installations, interfacing with relevant parties, testing and commissioning, coordinating with other civil / E&M contractors and client's representatives
- Manage projects related to Electric Vehicle (EV) charging services, E&M infrastructure and relevant Communication Systems
- Lead and manage a project team in the planning and implementation of work
- Review design submissions, method statements, risks management plan, resources plan, tender proposals, safety and health plan
- Prepare budget and forecast, and control costs to achieve targeted profit
- Manage detailed site supervision to ensure compliance with contract specifications and other regulatory requirements
- Provide timely project status updates, market trend and related information to the management

Requirements:

- A recognized university degree in relevant engineering disciplines
- At least 8 years' relevant working experience. Experience related to Electric Vehicle (EV) charging projects, various communication systems, E&M and building services projects preferred
- Corporate Member of HKIE or equivalent qualification from other recognized engineering professional bodies preferred
- Sound knowledge of contractor management, interfacing with civil contractors and E&M contractors as well as managing site activities in multi-discipline infrastructure projects
- Strong communication, leadership and organizing skills

- Customer-oriented, self-motivated, responsible with strong commitment
- Proficient in both written and spoken English and Chinese
- Possession of a valid driving license and Construction Industry Safety Card is preferred
- Candidates with less experience will be considered for lower position

Please apply by sending email to clpehr@clp.com.hk giving a detailed C.V., including academic qualification, career history, current and expected salary, major achievements and personal attributes on or before **26 January 2021**.

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted. We comply with all applicable laws and regulations of HKSAR in handling applications.
