

# Vacancy

**CLPe Solutions Limited**  
**Contracting Business Department**  
**Infrastructure Projects Branch**  
**Information & Communication Systems**  
**Safety Engineer (2-Year Contract)**  
**[Ref. CLPeS-CB-I-I&CS-SE]**

*Founded in 1901 as China Light and Power Company Limited in Hong Kong, CLP Group has grown from a Hong Kong-based power utility into a leading investor and operator in the Asia Pacific Region's electricity market. Its portfolio comprises over 60 generation assets of gas, coal, nuclear and renewable energy, distribution and transmission assets and retail operations. The CLP Group is owned by CLP Holdings, a company listed on the Stock Exchange of Hong Kong.*

CLPe Solutions Limited (formerly CLP Engineering Limited), incorporated in Hong Kong in 1985, is a wholly-owned subsidiary of CLP Holdings Limited with extensive experience in providing total energy solution. The company undertakes a variety of services including energy management solutions, distributed energy as well as power engineering, infrastructure and facilities management.

We are looking for an energetic and innovative engineering professional to join our Contracting Business Department. Reporting to Project Managers, the appointees will be responsible for the following duties:

- Provide safety and quality services to the management, employees and contractors
- Monitor site safety & quality performance, and assist the project team and sub-contractors to make prompt rectifications & improvement plans for management review
- Implement Health, Safety, Security, Environment & Quality (HSSEQ) programme according to the business needs and ensure its full compliance with the latest legislations and the company's HSSEQ requirements
- Provide professional advices to the management for decision making regarding safety issues
- Attend urgent site meetings / conduct site inspection or visits and handle safety issues at the work sites outside normal working hours if required
- Other ad-hoc duties as assigned

## Requirements:

- A recognized university degree in safety or relevant engineering disciplines
- At least 5 years' relevant working experience, preferably in E&M related projects under highways and/or railway environment
- A recognized training in industrial safety or occupational hygiene would be an added advantage

- Good knowledge in local safety & health regulations and HSSEQ management systems
- Registered as a Safety Officer under Labour Department
- Familiar with safety requirements of E&M infrastructure projects and working environment together with knowledge in ISO 9001 would be an added advantage
- Possession of a Construction Industry Safety Training Certificate
- Self-motivated, strong interpersonal skill and able to work independently
- Candidate with less experience / qualification will be considered as Safety Officer

Please apply by sending email to [clpe@clp.com.hk](mailto:clpe@clp.com.hk) giving a detailed C.V., including career history, major achievements and personal attributes on or before **2 March 2021**.

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted. We comply with all applicable laws and regulations of HKSAR in handling applications.
