

Vacancy

CLPe Solutions Limited
Energy Management Department
Consulting Services Branch
Project Engineer (2-Year Contract)
[Ref. CLPeS-EM-CS-PE]

Founded in 1901 as China Light and Power Company Limited in Hong Kong, CLP Group has grown from a Hong Kong-based power utility into a leading investor and operator in the Asia Pacific Region's electricity market. Its portfolio comprises over 60 generation assets of gas, coal, nuclear and renewable energy, distribution and transmission assets and retail operations. The CLP Group is owned by CLP Holdings, a company listed on the Stock Exchange of Hong Kong.

CLPe Solutions Limited (formerly CLP Engineering Limited), incorporated in Hong Kong in 1985, is a wholly-owned subsidiary of CLP Holdings Limited with extensive experience in providing total energy solution. The company undertakes a variety of services including energy management solutions, distributed energy as well as power engineering, infrastructure and facilities management.

We are looking for an energetic and innovative engineering professional to join the Energy Management Department of CLPe Solutions. Reporting to the Project Manager, the appointee will be responsible for the following duties:

- Assist in conducting energy audit, carbon audit, Retro-commissioning
- Assist in preparing tender submission, subcontract, and safety documents (e.g. Tender specification & evaluation form, project programme and cost estimation etc.)
- Project implementation, site progress monitoring and supervision
- Coordinate with clients, suppliers, contractors to plan, schedule and meet all contract programmes and requirements
- Assist in conducting market research and competitor benchmarking exercise
- Assist in the formulation and implementation of sales & marketing plan
- Implement and monitor the Safety, Health, Environment and Quality (SHEQ) systems to ensure that the required standards are achieved
- Prepare documents for Buildings Energy Efficiency Ordinance submission
- Other ad-hoc duties as assigned

Requirements:

- A recognized University degree in Mechanical Engineering, Building Services Engineering, Energy Engineering, Electrical Engineering, or relevant disciplines with a minimum of 1 year's relevant working experience
- Proficient in both written and spoken English and Chinese
- Solid experience in building energy audit is preferable
- Experience in Buildings Energy Efficiency Ordinance is a plus
- Familiarity with engineering standards, codes of practice, AUTOCAD would be an added advantage
- Customer-oriented, self-motivated, a good team player, able to work independently and meet tight deadlines
- Possession of Construction Industry Safety Card
- Candidate with a valid driving license (1 or 2) is preferred

Please apply by sending email to clpe@clp.com.hk giving a detailed C.V., including academic qualification, career history, current and expected salary, major achievements and personal attributes on or before **25 March 2021**.

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted. We comply with all applicable laws and regulations of HKSAR in handling applications. For details of the Personal Information Collection Statement, please visit our website:
