

Vacancy

CLPe Solutions Limited
Contracting Business Department
Infrastructure Branch
Senior Project Manager
[Ref. CLPeS-CB-I-SPM]

Founded in 1901 as China Light and Power Company Limited in Hong Kong, CLP Group has grown from a Hong Kong-based power utility into a leading investor and operator in the Asia Pacific Region's electricity market. Its portfolio comprises over 60 generation assets of gas, coal, nuclear and renewable energy, distribution and transmission assets and retail operations. The CLP Group is owned by CLP Holdings, a company listed on the Stock Exchange of Hong Kong.

CLPe Solutions Limited (formerly CLP Engineering Limited), incorporated in Hong Kong in 1985, is a wholly-owned subsidiary of CLP Holdings Limited with extensive experience in providing total energy solution. The company undertakes a variety of services including energy management solutions, distributed energy as well as power engineering, infrastructure and facilities management.

We are looking for a high caliber professional to join our Contracting Business Department as Senior Project Manager. Key responsibilities include:

- Lead a multi-discipline team to ensure effective project management of E&M, information and communication projects comprising design, project program monitoring, cost control, supervision of subcontractors' performance, interfacing with relevant parties, materials and resources planning
- Lead a dedicated team to develop business opportunities for E&M, TCSS and communication projects including customer outreach, prepare budgetary proposals, tender bidding, materials sourcing and subcontracting
- Co-ordinate with clients to plan, schedule, and set up proper procedures to meet the technical requirements and deliver the works on schedule
- Prepare and forecast budget and control costs to achieve targets
- Develop and implement project proposals to enhance the contract performance with continuous improvement
- Implement and monitor the Safety, Health, Environment and Quality (SHEQ) system to achieve the required standards of contract specification and regulatory requirements
- Lead, motivate, coach and provide mentoring to subordinates to maintain expertise and maximize efficiency so as to provide excellent technical services to the clients

Requirements:

- A recognized university degree in Engineering or relevant disciplines
- A minimum of 10 years' relevant working experience with at least 5 years at managerial level
- Corporate Member of HKIE or equivalent qualification from other recognized professional bodies preferred

- Sound knowledge of contractor management, interfacing with civil and E&M contractors as well as managing site activities in multi-discipline infrastructure projects
- Customer-oriented, self-motivated, responsible with strong commitment and ability to perform under pressure
- Strong leadership, supervisory and communication skills are essential
- Proficient in both written and spoken English and Chinese
- Candidate with a valid driving license (1 or 2) is preferable
- Candidates with less experience will be considered for lower position

Please apply by sending email to clpehr@clp.com.hk giving a detailed C.V., including academic qualification, career history, current and expected salary, major achievements and personal attributes on or before **5 May 2021**.

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted. We comply with all applicable laws and regulations of HKSAR in handling applications.
