

Vacancy

CLPe Solutions Limited
Contracting Business Department
Facilities Management Branch
Assistant Project Manager (2-Year Contract)
[Ref. CLPeS-CB-FM-APM]

Founded in 1901 as China Light and Power Company Limited in Hong Kong, CLP Group has grown from a Hong Kong-based power utility into a leading investor and operator in the Asia Pacific Region's electricity market. Its portfolio comprises over 60 generation assets of gas, coal, nuclear and renewable energy, distribution and transmission assets and retail operations. The CLP Group is owned by CLP Holdings, a company listed on the Stock Exchange of Hong Kong.

CLPe Solutions Limited (formerly CLP Engineering Limited), incorporated in Hong Kong in 1985, is a wholly-owned subsidiary of CLP Holdings Limited with extensive experience in providing total energy solution. The company undertakes a variety of services including energy management solutions, distributed energy as well as power engineering, infrastructure and facilities management.

We are looking for an energetic and innovative engineering professional to join our Contracting Business Department. The appointee will be assigned to work in the Hong Kong International Airport in Chek Lap Kok and responsible for the following major duties:

- Responsible for effective project management of maintenance contracts and E&M projects in airport area
- Liaise with clients, suppliers and contractors on the tendering, contracts administration, variations vetting and payments, as well as claims and disputes negotiation and resolution
- Coordinate with clients to plan, schedule, and set up proper procedures and precautions to meet the Company's requirements and Corporate Health, Safety, Security, Environment & Quality (HSSEQ) Documents standards
- Prepare and review specifications for tendering, evaluating and selecting service contractors that meet technical specifications and engineering standards to achieve construction and operational targets
- Familiar with airport systems including but not limited to baggage handling system, building management system and supervisory control and data acquisition system
- Coordinate site activities as well as supervise subordinates/subcontractors' work performances
- Provide training and development for subordinates and support company's trainee programs
- Perform other ad-hoc and shift duties as assigned
- Work location is Hong Kong International Airport and Third-runway System project site area

Requirements:

- A recognized University degree in Electrical, Mechanical, Electronic, Building Services Engineering or relevant engineering/ building/ technology disciplines
- A minimum of 5 years' working experience in design, operation, maintenance, installation, testing, commissioning and project management of E&M installation, programmable logic controller and SCADA system
- Sound knowledge of contractor management, interfacing with civil contractors and managing site activities in multi-discipline projects
- Experience in and/or knowledge in airport operation procedures and familiar with the airport environment would be an added advantage
- Strong business acumen, customer-oriented and performance driven
- Good interpersonal, communication and leadership skills
- Possession of a valid driving license
- Possession of Construction Industry Safety Card
- Candidates with less experience will be considered for a lower position

Please apply by sending email to clpehr@clp.com.hk giving a detailed C.V., including academic qualification, career history, current and expected salary, major achievements and personal attributes on or before **10 June 2021**.

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted. We comply with all applicable laws and regulations of HKSAR in handling applications.
