

# Vacancy

**CLPe Solutions Limited**  
**Contracting Business Department**  
**Facilities Management Branch**  
**Technical Officer II (2-Year Contract)**  
**[Ref. CLPeS-CB-FM-TOII]**

*Founded in 1901 as China Light and Power Company Limited in Hong Kong, CLP Group has grown from a Hong Kong-based power utility into a leading investor and operator in the Asia Pacific Region's electricity market. Its portfolio comprises over 60 generation assets of gas, coal, nuclear and renewable energy, distribution and transmission assets and retail operations. The CLP Group is owned by CLP Holdings, a company listed on the Stock Exchange of Hong Kong.*

CLPe Solutions Limited (formerly CLP Engineering Limited), incorporated in Hong Kong in 1985, is a wholly-owned subsidiary of CLP Holdings Limited with extensive experience in providing total energy solution. The company undertakes a variety of services including energy management solutions, distributed energy as well as power engineering, infrastructure and facilities management.

We are looking for an energetic and innovative engineering professional to join our Contracting Business Department. The appointee will be assigned to work in the Hong Kong International Airport in Chek Lap Kok and responsible for the following major duties:

- Work in a multi-disciplined team and carry out maintenance, installation and T&C activities for the maintenance and system improvement projects in the airport
- Coordinate site activities and supervise contractors' work performances and quality of E&M installations
- Maintain system reliability, system availability and achieve service standards
- Conduct site checks and audits to ensure that the safety standards and good housekeeping practices are maintained at work sites
- Monitor site progress, attend site inspection and site meetings with relevant parties for site works coordination
- Other ad-hoc duties and shift duty as assigned

## Requirements:

- Higher Diploma / Higher Certificate in Electrical, Mechanical, Building Services, Electronics or relevant engineering disciplines plus 3 years' relevant experience in design, installation, testing and commissioning and maintenance of Electrical / Mechanical / Electronics system OR Ordinary Diploma / Ordinary Certificate in Electrical, Mechanical, Building Services, Electronics or relevant engineering discipline plus 4 years' relevant working experience
- Experience in and / or knowledge in airport operation procedures and familiar with the airport environment would be an added advantage
- Hard working, able to meet tight schedule and work independently with solid technical background
- Good interpersonal and communication skills
- Possession of Construction Worker Registration Card and Construction Industry Safety Card
- Possession of a valid driving license is preferable
- Customer oriented for building and maintaining relationship with clients
- Candidates with less experience will be considered for lower position

Please apply by sending email to [clpehr@clp.com.hk](mailto:clpehr@clp.com.hk) giving a detailed C.V., including academic qualification, career history, current and expected salary, major achievements and personal attributes on or before **10 June 2021**.

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted. We comply with all applicable laws and regulations of HKSAR in handling applications. For details of the Personal Information Collection Statement, please visit our website:
