

Vacancy

CLPe Solutions Limited Energy Management Department Safety Supervisor (2-Year Contract) [Ref. CLPeS-EM-SS]

Founded in 1901 as China Light and Power Company Limited in Hong Kong, CLP Group has grown from a Hong Kong-based power utility into a leading investor and operator in the Asia Pacific Region's electricity market. Its portfolio comprises over 60 generation assets of gas, coal, nuclear and renewable energy, distribution and transmission assets and retail operations. The CLP Group is owned by CLP Holdings, a company listed on the Stock Exchange of Hong Kong.

CLPe Solutions Limited (formerly CLP Engineering Limited), incorporated in Hong Kong in 1985, is a wholly-owned subsidiary of CLP Holdings Limited with extensive experience in providing total energy solution. The company undertakes a variety of services including energy management solutions, distributed energy as well as power engineering, infrastructure and facilities management.

We are looking for an energetic and innovative professional to join the Energy Management Department of CLPe Solutions. Key responsibilities include:

- Provide safety services and advice to the management, employees and contractors
- Conduct safety assessment and prepare method statement and risk assessment report
- Monitor the site safety & quality performance and assist the project teams & contractors to make prompt rectifications & improvement plans for management review
- Monitor the site Safety, Health, Environment and Quality (SHEQ) performance and address diverse needs of various activities
- Implement SHEQ programmes according to the business needs of the company and ensure the compliance with the latest legislations and internal SHEQ requirements
- Attend SHEQ meetings and provide professional advice to the management regarding safety issues
- Perform on-site work and attend urgent site meetings / conduct site visits outside normal working hours as required
- Other ad-hoc duties as assigned

Requirements:

- Higher Diploma / Higher Certificate in the field of Engineering or Safety disciplines plus at least 2 years' safety-related working experience OR Ordinary Diploma / Ordinary Certificate in relevant disciplines plus at least 4 years' safety-related working experience
- Holder of a valid Safety Supervisor Certificate
- Possession of a Construction Industry Safety Card
- Familiar with the legal requirements and code of practice on Safety, Health & Welfare in Roadworks
- Good knowledge in local safety & health regulations and SHEQ management systems
- A recognized training in industrial safety or occupational hygiene would be an added advantage
- Familiar with safety requirements of CLP and Hong Kong Government would be an added advantage
- Self-motivated, strong interpersonal skill and able to work independently
- Possession of a valid driving license (1 or 2) is preferable

Please apply by sending email to clpehr@clp.com.hk giving a detailed C.V., including academic qualification, career history, current and expected salary, major achievements and personal attributes on or before **27 June 2021**.

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted. We comply with all applicable laws and regulations of HKSAR in handling applications.
