

# Vacancy

**CLPe Solutions Limited**  
**Contracting Business Department**  
**Power Engineering Branch**  
**Distribution Cable Section**  
**Senior Project Engineer (2-year contract)**  
**[Ref. CLPeS-CB-PE-DC-SPE]**

*Founded in 1901 as China Light and Power Company Limited in Hong Kong, CLP Group has grown from a Hong Kong-based power utility into a leading investor and operator in the Asia Pacific Region's electricity market. Its portfolio comprises over 60 generation assets of gas, coal, nuclear and renewable energy, distribution and transmission assets and retail operations. The CLP Group is owned by CLP Holdings, a company listed on the Stock Exchange of Hong Kong.*

CLPe Solutions Limited (formerly CLP Engineering Limited), incorporated in Hong Kong in 1985, is a wholly-owned subsidiary of CLP Holdings Limited with extensive experience in providing total energy solution. The company undertakes a variety of services including energy management solutions, distributed energy as well as power engineering, infrastructure and facilities management.

We are looking for an energetic and innovative engineering professional to join the Contracting Business Department of CLPe Solutions Limited. The appointee will be assigned to work in the Power Engineering Branch and responsible for the following duties:

- Assist Project Manager and Engineers in carrying out Distribution cable trenching site activities including work schedule planning, material acquisition and utilization to ensure that the related costs are within budget
- Coordinate with clients, suppliers and contractors in preparing excavation works & permit applications, site measurement sheets and quotations and other site work activities
- Liaison with relevant parties for cable trench excavation / distribution substation plant delivery routes
- Conduct site checks to ensure the work quality, safety standards and good housekeeping practices are maintained at work sites
- Implement and monitor the Safety, Health, Environmental and Quality (SHEQ) systems in a high standard
- Monitor the performance of frontline operations staff as well as contractors' workforce to complete projects effectively
- Other ad-hoc duties as assigned

## Requirements:

- A recognized university degree in relevant engineering disciplines plus at least 3 years' relevant working experience
- Sound knowledge on project management with relevant construction site experience
- Possession of Construction Industry Safety Card
- Familiar with CLP SHEQ requirement, Highways standards, Road Opening Regulations and Traffic Impact Knowledge is preferable
- Good interpersonal and communication skills, customer oriented, self-motivated, a good team player, able to work independently and meet tight deadlines
- Candidate with a valid driving license (1 or 2) is preferable
- Candidates with less experience will be considered for a lower position

Please apply by sending email to [clpehr@clp.com.hk](mailto:clpehr@clp.com.hk) giving a detailed C.V., including academic qualification, career history, current and expected salary, major achievements and personal attributes on or before **7 July 2021**.

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted. We comply with all applicable laws and regulations of HKSAR in handling applications.
