

Vacancy

CLPe Solutions Limited
Contracting Business Department
Infrastructure Branch
Information & Communication Systems Section
Technical Officer II (2-Year Contract)
[Ref. CLPeS- CB-I-I&CS-TOII]]

Founded in 1901 as China Light and Power Company Limited in Hong Kong, CLP Group has grown from a Hong Kong-based power utility into a leading investor and operator in the Asia Pacific Region's electricity market. Its portfolio comprises over 60 generation assets of gas, coal, nuclear and renewable energy, distribution and transmission assets and retail operations. The CLP Group is owned by CLP Holdings, a company listed on the Stock Exchange of Hong Kong.

CLPe Solutions Limited (formerly CLP Engineering Limited), incorporated in Hong Kong in 1985, is a wholly-owned subsidiary of CLP Holdings Limited with extensive experience in providing total energy solution. The company undertakes a variety of services including energy management solutions, distributed energy as well as power engineering, infrastructure and facilities management.

We are looking for an energetic and innovative engineering professional to join our Contracting Business Department. Key responsibilities include:

- Carry out site installation, testing & commissioning works for HV / LV electrical installations, ELV installations and general building services installations
- Prepare and update test & maintenance records and other related documents in a timely manner
- Collect fault statistics and relevant supporting data for analysis
- Lead and supervise frontline workers and contractors to carry out installation, testing & commissioning works
- Ensure that safety standards and good housekeeping practices are always maintained
- Other ad-hoc duties as assigned
- Shift duty as assigned

Requirements:

- Higher Diploma / Higher Certificate in Electrical, Mechanical, Building Services, Electronics or relevant engineering disciplines plus 3 years' relevant experience OR Ordinary Diploma / Ordinary Certificate in Electrical, Mechanical, Building Services, Electronics or relevant engineering discipline plus 4 years' relevant working experience

- Able to read engineering drawings, work independently and communicate technical concepts to other parties
- Good interpersonal, communication and supervisory skills
- Possession of Construction Industry Safety Card and Construction Workers Registration Card
- Solid experience in tunnel and highway construction works will be an added advantage
- Possession of a valid driving license (1 or 2) or REW license is preferable
- Candidates with less experience will be considered for a lower position

Please apply by sending email to clpehr@clp.com.hk giving a detailed C.V., including academic qualification, career history, current and expected salary, major achievements and personal attributes on or before **14 July 2021**.

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted. We comply with all applicable laws and regulations of HKSAR in handling applications.
