

Vacancy

CLPe Solutions Limited
Contracting Business Department
Facilities Management Branch
Senior Project Engineer (2-Year Contract)
[Ref. CLPeS-CB-FM-SPE]

Founded in 1901 as China Light and Power Company Limited in Hong Kong, CLP Group has grown from a Hong Kong-based power utility into a leading investor and operator in the Asia Pacific Region's electricity market. Its portfolio comprises over 60 generation assets of gas, coal, nuclear and renewable energy, distribution and transmission assets and retail operations. The CLP Group is owned by CLP Holdings, a company listed on the Stock Exchange of Hong Kong.

CLPe Solutions Limited (formerly CLP Engineering Limited), incorporated in Hong Kong in 1985, is a wholly-owned subsidiary of CLP Holdings Limited with extensive experience in providing total energy solution. The company undertakes a variety of services including energy management solutions, distributed energy as well as power engineering, infrastructure and facilities management.

We are looking for an energetic and innovative engineering professional to join our Contracting Business Department. The appointee will be assigned to work in the Hong Kong International Airport in Chek Lap Kok and responsible for the following major duties:

- Responsible for effective project management of alterations and additions works or construction projects at airport
- Prepare specifications for tendering, evaluating and selecting service contractors that meet technical specifications and engineering standards to achieve construction and operational targets
- Prepare the submission document under the contract requirements
- Coordinate with clients or related parties to plan, schedule and set up proper procedures and precautions to meet the Company's requirements and Safety, Health, Environment and Quality (SHEQ) standards
- Supervise subordinates/subcontractors' work performances
- Other ad-hoc duties and shift duty as assigned

Requirements:

- A recognized university degree in Electrical, Mechanical, Building Services, Electronic Engineering or relevant engineering / building technology disciplines plus a minimum of 3 years' relevant working experience

- Familiar with design, operation, maintenance, installation, testing, commissioning and project management of electrical installation, programmable logic controller, BMS or SCADA system
- Possession of Construction Worker Registration Card and Construction Industry Safety Card
- Customer-oriented, self-motivated, a good team player, able to work independently and meet tight deadlines
- Good interpersonal and communication skills
- Candidate with Registered Electrical Worker is preferable
- Candidate with a valid driving license (1 or 2) is preferable
- Candidate with less experience will be considered for a lower position

Please apply by sending email to clpehr@clp.com.hk giving a detailed C.V., including academic qualification, career history, current and expected salary, major achievements and personal attributes on or before **1 August 2021**.

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted. We comply with all applicable laws and regulations of HKSAR in handling applications. For details of the Personal Information Collection Statement, please visit our website:
