

# Vacancy

**CLPe Solutions Limited**  
**Contracting Business Department**  
**Facilities Management Branch**  
**Safety Supervisor (2-Year Contract)**  
**[Ref. CLPeS-CB-FM-SS]**

*Founded in 1901 as China Light and Power Company Limited in Hong Kong, CLP Group has grown from a Hong Kong-based power utility into a leading investor and operator in the Asia Pacific Region's electricity market. Its portfolio comprises over 60 generation assets of gas, coal, nuclear and renewable energy, distribution and transmission assets and retail operations. The CLP Group is owned by CLP Holdings, a company listed on the Stock Exchange of Hong Kong.*

CLPe Solutions Limited (formerly CLP Engineering Limited), incorporated in Hong Kong in 1985, is a wholly-owned subsidiary of CLP Holdings Limited with extensive experience in providing total energy solution. The company undertakes a variety of services including energy management solutions, distributed energy as well as power engineering, infrastructure and facilities management.

We are looking for an energetic and innovative engineering professional to join our Contracting Business Department. The appointee will be assigned to work in the Hong Kong International Airport in Chek Lap Kok and responsible for the following major duties:

- Provide safety service and advices to the management, employees and contractors
- Monitor the site safety & quality performance and assist the project teams & contractors to make prompt rectifications & improvement plans for management review
- Monitor the site Safety, Health, Environment and Quality (SHEQ) performance and address diverse needs of various activities
- Implement SHEQ programmes according to the business needs of the company and check the compliance with the latest legislations and internal SHEQ requirements
- Attend SHEQ meetings and provide professional advices to the management regarding safety issues
- Report duty to project site office as required
- Attend urgent site meetings / conduct site visits outside normal working hours to handle safety issues of the project works as required
- Other ad-hoc duties and shift duty as assigned

## Requirements:

- Higher Diploma / Higher Certificate in the field of Engineering or Safety disciplines plus at least 2 years' safety-related working experience OR Ordinary Diploma / Ordinary Certificate in relevant disciplines plus at least four years' safety-related working experience
- Holder of a valid Safety Supervisor Certificate
- Possession of a Construction Industry Safety Card
- Good knowledge in local safety & health regulations and SHEQ management systems
- Self-motivated, strong interpersonal skill and able to work independently
- A recognized training in industrial safety or occupational hygiene would be an added advantage
- Working experience in CLP Power (CLPP) projects, familiar with safety requirements of CLPP and Airport Authority would be an added advantage
- Possession of a valid driving license (1 or 2) is preferable

Please apply by sending email to [clpehr@clp.com.hk](mailto:clpehr@clp.com.hk) giving a detailed C.V., including academic qualification, career history, current and expected salary, major achievements and personal attributes on or before **1 August 2021**.

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted. We comply with all applicable laws and regulations of HKSAR in handling applications.
