

Vacancy

CLPe Solutions Limited
Contracting Business Department
Facilities Management Branch
Technical Officer II (2-Year Contract)
[Ref. CLPeS-CB-FM-TOII]

CLP was founded in Hong Kong in 1901, at a time when electricity was still a novelty worldwide. Today we power millions of homes and businesses across the Asia Pacific regions. In Hong Kong, we operate a vertically-integrated electricity supply business providing a highly-reliable supply of electricity to 80% of the city's population. Outside Hong Kong, we invest in the energy sector in Mainland China, India, Southeast Asia, Taiwan and Australia. Our business includes power generation, transmission and distribution, and electricity and gas retail activities. Our goal is to meet Asia-Pacific's energy challenge in a sustainable manner from one generation to the next.

CLP is an Equal Opportunity Employer and is committed to providing a working environment free from discrimination or harassment. All applicants will be considered for employment on an equal basis regardless of gender, physical or mental state, race, nationality, religion, age, family status or sexual orientation.

CLP is also a certified Fair Wage Employer in recognition of the Company's exemplary wage policies and practices.

CLPe Solutions Limited (formerly CLP Engineering Limited), incorporated in Hong Kong in 1985, is a wholly-owned subsidiary of CLP Holdings Limited with extensive experience in providing total energy solution. The company undertakes a variety of services including energy management solutions, distributed energy as well as power engineering, infrastructure and facilities management.

We are looking for an energetic and innovative engineering professional to join our Contracting Business Department. The appointee will be assigned to work in the Hong Kong International Airport in Chek Lap Kok and responsible for the following major duties:

- Work in a multi-disciplined team and carry out maintenance, installation and T&C activities for the maintenance and system improvement projects in the airport
- Coordinate site activities and supervise contractors' work performances and quality of E&M installations
- Maintain system reliability, system availability and achieve service standards
- Conduct site checks to ensure that the safety standards and good housekeeping practices are maintained at work sites
- Prepare document submissions on tendering, contract administration, completion reports and payment applications
- Monitor site progress, attend site inspection and site meetings with relevant parties for site works coordination
- Other ad-hoc duties and shift duty as assigned

Requirements:

- Higher Diploma / Higher Certificate in Electrical, Mechanical, Building Services, Electronics or relevant engineering disciplines plus 3 years' relevant experience in design, installation, testing and commissioning and maintenance of Electrical / Mechanical / Electronics system OR Ordinary Diploma / Ordinary Certificate in Electrical, Mechanical, Building Services, Electronics or relevant engineering discipline plus 4 years' relevant working experience
- Experience in and / or knowledge in airport operation procedures and familiar with the airport environment would be an added advantage
- Hard working, able to meet tight schedule and work independently with solid technical background
- Good interpersonal and communication skills
- Possession of Construction Worker Registration Card and Construction Industry Safety Card
- Possession of a valid driving license is an advantage
- Holder of Registered Electrical Worker is an advantage
- Customer oriented for building and maintaining relationship with clients
- Candidate with less experience will be considered for a lower position

Please apply by sending email to clpehr@clp.com.hk giving a detailed C.V., including academic qualification, career history, current and expected salary, major achievements and personal attributes on or before **30 September 2021**.

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted.
