

Vacancy

CLPe Solutions Limited
Contracting Business Department
Power Engineering Branch
Distribution Cable Section
Senior Project Engineer (2-Year Contract)
[Ref. CLPeS-CB-PE-DC-SPE]

CLP was founded in Hong Kong in 1901, at a time when electricity was still a novelty worldwide. Today we power millions of homes and businesses across the Asia Pacific regions. In Hong Kong, we operate a vertically-integrated electricity supply business providing a highly-reliable supply of electricity to 80% of the city's population. Outside Hong Kong, we invest in the energy sector in Mainland China, India, Southeast Asia, Taiwan and Australia. Our business includes power generation, transmission and distribution, and electricity and gas retail activities. Our goal is to meet Asia-Pacific's energy challenge in a sustainable manner from one generation to the next.

CLP is an Equal Opportunity Employer and is committed to providing a working environment free from discrimination or harassment. All applicants will be considered for employment on an equal basis regardless of gender, physical or mental state, race, nationality, religion, age, family status or sexual orientation.

CLP is also a certified Fair Wage Employer in recognition of the Company's exemplary wage policies and practices.

CLPe Solutions Limited (formerly CLP Engineering Limited), incorporated in Hong Kong in 1985, is a wholly-owned subsidiary of CLP Holdings Limited with extensive experience in providing total energy solution. The company undertakes a variety of services including energy management solutions, distributed energy as well as power engineering, infrastructure and facilities management.

We are looking for an energetic and dedicated candidate to join the Contracting Business Department of CLPe Solutions Limited. The appointee will be assigned to work in the Power Engineering Branch and responsible for the following duties:

- Assist Project Manager and Engineers in carrying out Distribution cable trenching site activities including work schedule planning, material acquisition and utilization to ensure that the related costs are within budget
- Coordinate with clients, suppliers and contractors in preparing excavation works & permit applications, site measurement sheets and quotations and other site work activities
- Liaison with relevant parties for cable trench excavation / distribution substation plant delivery routes
- Conduct site checks to ensure the work quality, safety standards and good housekeeping practices are maintained at work sites
- Implement and monitor the Safety, Health, Environmental and Quality (SHEQ) systems in a high standard

- Monitor the performance of frontline operations staff as well as contractors' workforce to complete projects effectively
- Other ad-hoc duties as assigned

Requirements:

- A recognized university degree in relevant engineering disciplines plus at least 3 years' relevant working experience
- Sound knowledge on project management with relevant construction site experience
- Possession of Construction Industry Safety Card
- Familiar with CLP SHEQ requirement, Highways standards, Road Opening Regulations and Traffic Impact Knowledge is preferable
- Good interpersonal and communication skills, customer oriented, self-motivated, a good team player, able to work independently and meet tight deadlines
- Candidate with a valid driving license (1 or 2) is preferable
- Candidates with less experience will be considered for lower position

Please apply by sending email to clpehr@clp.com.hk giving a detailed C.V., including academic qualification, career history, current and expected salary, major achievements and personal attributes on or before **7 November 2021**.

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted. We comply with all applicable laws and regulations of HKSAR in handling applications.
