

Vacancy

CLPe Solutions Limited
Contracting Business Department
Power Engineering Branch
Distribution Substation Section
Senior Project Engineer (2-Year Contract)
[Ref. CLPeS-CB-PE-DS-SPE]

CLP was founded in Hong Kong in 1901, at a time when electricity was still a novelty worldwide. Today we power millions of homes and businesses across the Asia Pacific regions. In Hong Kong, we operate a vertically-integrated electricity supply business providing a highly-reliable supply of electricity to 80% of the city's population. Outside Hong Kong, we invest in the energy sector in Mainland China, India, Southeast Asia, Taiwan and Australia. Our business includes power generation, transmission and distribution, and electricity and gas retail activities. Our goal is to meet Asia-Pacific's energy challenge in a sustainable manner from one generation to the next.

CLP is an Equal Opportunity Employer and is committed to providing a working environment free from discrimination or harassment. All applicants will be considered for employment on an equal basis regardless of gender, physical or mental state, race, nationality, religion, age, family status or sexual orientation.

CLP is also a certified Fair Wage Employer in recognition of the Company's exemplary wage policies and practices.

CLPe Solutions Limited (formerly CLP Engineering Limited), incorporated in Hong Kong in 1985, is a wholly-owned subsidiary of CLP Holdings Limited with extensive experience in providing total energy solution. The company undertakes a variety of services including energy management solutions, distributed energy as well as power engineering, infrastructure and facilities management.

We are looking for an energetic and dedicated candidate to join the Contracting Business Department of CLPe Solutions Limited. The appointee will be assigned to work in the Power Engineering Branch and responsible for the following duties:

- Coordinate with clients/suppliers to set up proper procedures and precautions to meet the technical requirements and deliver the works on planned schedule
- Liaise with suppliers, government parties, developers, contractors and other related parties in carrying out the cable trench excavation works, electrical and mechanical maintenance work and site activities
- Manage the performance of frontline operations staff as well as contractors' workforce to complete projects effectively
- Conduct site checks to ensure the work quality, safety standards and good housekeeping practices are maintained at work sites
- Implement and monitor the Safety, Health, Environmental and Quality (SHEQ) systems in a high standard
- Assist Project Manager and Engineers in carrying out work schedule planning, material acquisition and utilization to ensure that the related costs are within budget
- Other ad-hoc duties as assigned

Requirements:

- A recognized University degree in Mechanical Engineering, Building Service Engineering or relevant disciplines plus a minimum of 3 years' related working experience
- Customer oriented, self-motivated, a good team player, able to work independently and meet tight deadlines
- Good interpersonal and communication skills
- Candidate with a valid driving license (1 or 2) is preferable
- Possession of Construction Industry Safety Card, Construction Works Registration Card and Confined Space Certificated Worker Card
- Candidates with less experience will be considered for a lower position

Please apply by sending email to clpehr@clp.com.hk giving a detailed C.V., including academic qualification, career history, current and expected salary, major achievements and personal attributes on or before **25 December 2021**.

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted. We comply with all applicable laws and regulations of HKSAR in handling applications.
