

Vacancy

CLPe Solutions Limited

Building Energy Management Department

Energy Consulting Branch

Senior Project Engineer (Energy Audit) (2-Year Renewable Contract)

[Ref. CLPeS-BEM-EC-SPE]

CLP was founded in Hong Kong in 1901, at a time when electricity was still a novelty worldwide. Today we power millions of homes and businesses across the Asia Pacific regions. In Hong Kong, we operate a vertically-integrated electricity supply business providing a highly-reliable supply of electricity to 80% of the city's population. Outside Hong Kong, we invest in the energy sector in Mainland China, India, Southeast Asia, Taiwan and Australia. Our business includes power generation, transmission and distribution, and electricity and gas retail activities. Our goal is to meet Asia-Pacific's energy challenge in a sustainable manner from one generation to the next.

CLP is an Equal Opportunity Employer and is committed to providing a working environment free from discrimination or harassment. All applicants will be considered for employment on an equal basis regardless of gender, physical or mental state, race, nationality, religion, age, family status or sexual orientation.

CLP is also a certified Fair Wage Employer in recognition of the Company's exemplary wage policies and practices.

CLPe Solutions Limited (formerly CLP Engineering Limited), incorporated in Hong Kong in 1985, is a wholly-owned subsidiary of CLP Holdings Limited with extensive experience in providing total energy solution. The company undertakes a variety of services including energy management solutions, distributed energy as well as power engineering, infrastructure and facilities management.

We are looking for an energetic and innovative engineering professional to join the Building Energy Management Department of CLPe Solutions. Reporting to the Project Manager, the appointee will be responsible for the following duties:

- Conduct energy audit, carbon audit, Retro-commissioning projects
- Prepare tender submission, subcontract, and safety documents
- Project implementation, site progress monitoring and supervision
- Coordinate with clients, suppliers, contractors to plan, schedule and meet all contract programmes and requirements
- Conduct market research and competitor benchmarking exercise
- Assist in the formulation and implementation of sales & marketing plan
- Implement and monitor the Safety, Health, Environment and Quality (SHEQ) systems to ensure that the required standards are achieved
- Prepare documents for Buildings Energy Efficiency Ordinance submission
- Other ad-hoc duties as assigned

Requirements:

- A recognized University degree in Mechanical Engineering, Building Services Engineering, Energy Engineering, Electrical Engineering, or relevant disciplines with a minimum of 3 years' relevant working experience
- Solid experience in building energy audit and Retro-commissioning
- Possession of Construction Industry Safety Card
- Proficient in both written and spoken English and Chinese
- Familiarity with engineering standards, codes of practice, AUTOCAD would be an added advantage
- Customer-oriented, self-motivated, a good team player, able to work independently and meet tight deadlines
- Candidate with a valid driving license (1 or 2) is preferred
- Candidates with less experience will be considered for lower position

Please apply by sending email to clpehr@clp.com.hk giving a detailed C.V., including academic qualification, career history, current and expected salary, major achievements and personal attributes on or before **18 August 2022**.

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted. We comply with all applicable laws and regulations of HKSAR in handling applications.
