

# Vacancy

**CLPe Solutions Limited**  
**Contracting Business Department**  
**Power Engineering Branch**  
**Distribution Substation Section**  
**Technical Officer I (11KV Plant) (2-Year Renewable Contract)**  
**[Ref. CLPeS-CB-PE-DS-TOI]**

*CLP was founded in Hong Kong in 1901, at a time when electricity was still a novelty worldwide. Today we power millions of homes and businesses across the Asia Pacific regions. In Hong Kong, we operate a vertically-integrated electricity supply business providing a highly-reliable supply of electricity to 80% of the city's population. Outside Hong Kong, we invest in the energy sector in Mainland China, India, Southeast Asia, Taiwan and Australia. Our business includes power generation, transmission and distribution, and electricity and gas retail activities. Our goal is to meet Asia-Pacific's energy challenge in a sustainable manner from one generation to the next.*

*CLP is an Equal Opportunity Employer and is committed to providing a working environment free from discrimination or harassment. All applicants will be considered for employment on an equal basis regardless of gender, physical or mental state, race, nationality, religion, age, family status or sexual orientation.*

*CLP is also a certified Fair Wage Employer in recognition of the Company's exemplary wage policies and practices.*

CLPe Solutions Limited (formerly CLP Engineering Limited), incorporated in Hong Kong in 1985, is a wholly-owned subsidiary of CLP Holdings Limited with extensive experience in providing total energy solution. The company undertakes a variety of services including energy management solutions, distributed energy as well as power engineering, infrastructure and facilities management.

We are looking for an energetic and dedicated candidate to join the Contracting Business Department of CLPe Solutions Limited. The appointee will be assigned to work in the Power Engineering Branch and responsible for the following duties:

- Carry out work schedule planning for in-house Erection and Testing teams
- Carry out tools and material acquisition for site work execution
- Carry out installation, inspection, testing and commissioning of HV & LV electrical installation
- Supervise tradesmen and contractors to carry out equipment erection, pre-commissioning testing and commissioning works
- Conduct protection relay acceptance test, site checks and audits to ensure safety standards and good housekeeping practices are maintained at work sites
- Follow up electrical installation defects with suppliers and subcontractors
- Coordinate site activities with other parties
- Manage the equipment store by creating a database and maintaining its accuracy

- Other ad-hoc duties as assigned

### Requirements:

- Higher Diploma / Higher Certificate holder in Engineering plus at least 4 years' relevant experience OR Ordinary Diploma / Ordinary Certificate holder in Engineering plus at least 6 years' relevant experience
- Solid experience in HV & LV plant installation, modification, testing and commissioning
- Possession of Construction Worker Registration Card and Construction Industry Safety Card
- Able to work independently and communicate technical concepts to other parties
- Good supervisory, interpersonal, and communication skills
- A Registered Electrical Workers would be an added advantage
- Possession of a valid driving license (1 and 2) is preferable
- Candidates with less experience will be considered for lower position

Please apply by sending email to [clpehr@clp.com.hk](mailto:clpehr@clp.com.hk) giving a detailed C.V., including academic qualification, career history, current and expected salary, major achievements and personal attributes on or before **28 August 2022**.

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted. We comply with all applicable laws and regulations of HKSAR in handling applications.
