

Vacancy

CLPe Solutions Limited
Building Energy Management Department
Electrical Services Branch
Project Engineer (2-Year Contract)
[Ref. CLPeS-BEM-ES-PE]

CLP was founded in Hong Kong in 1901, at a time when electricity was still a novelty worldwide. Today we power millions of homes and businesses across the Asia Pacific regions. In Hong Kong, we operate a vertically-integrated electricity supply business providing a highly-reliable supply of electricity to 80% of the city's population. Outside Hong Kong, we invest in the energy sector in Mainland China, India, Southeast Asia, Taiwan and Australia. Our business includes power generation, transmission and distribution, and electricity and gas retail activities. Our goal is to meet Asia-Pacific's energy challenge in a sustainable manner from one generation to the next.

CLP is an Equal Opportunity Employer and is committed to providing a working environment free from discrimination or harassment. All applicants will be considered for employment on an equal basis regardless of gender, physical or mental state, race, nationality, religion, age, family status or sexual orientation.

CLP is also a certified Fair Wage Employer in recognition of the Company's exemplary wage policies and practices.

CLPe Solutions Limited (formerly CLP Engineering Limited), incorporated in Hong Kong in 1985, is a wholly-owned subsidiary of CLP Holdings Limited with extensive experience in providing total energy solution. The company undertakes a variety of services including energy management solutions, distributed energy as well as power engineering, infrastructure and facilities management.

We are looking for an energetic, innovative and highly motivated professional to join our Building Energy Management Department. Key responsibilities include:

- Conduct LV electrical engineering projects (e.g. LVSB installation, PITC inspection, power monitoring system installation, power quality check-up and enhancement projects)
- Prepare tender submission, subcontract and safety documents
- Execute project plans, site progress monitoring and supervision
- Coordinate with clients, suppliers, contractors to plan, schedule and meet all contract programmes and requirements
- Implement and monitor the Safety, Health, Environment and Quality (SHEQ) systems to ensure that the required standards are achieved
- Other ad-hoc duties as assigned

Requirements:

- A recognized University degree in Electrical Engineering, Building Services Engineering or relevant engineering disciplines
- Minimum 1 year's relevant working experience with sound knowledge on LVS, PITC, power monitoring system, power quality check-up and enhancement solutions, such as capacitor bank and active harmonic filter systems.
- Possession of a Construction Industry Safety Card
- Proficient in both written and spoken English and Chinese
- Familiarity with CLP SHEQ requirements, CLP Power Supply Rules, codes of practice, AutoCAD and Excel programming would be an added advantage
- Customer-oriented, self-motivated, a good team player and able to work independently and under pressure
- Candidate with a valid driving license (1 or 2) is preferred

Please apply by sending email to clpehr@clp.com.hk giving a detailed C.V., including academic qualification, career history, current and expected salary, major achievements and personal attributes on or before **28 Jun 2022**.

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted. We comply with all applicable laws and regulations of HKSAR in handling applications.
