

Vacancy

**CLP Power Hong Kong Limited
Information Technology Group /
IT Business Partnering
IT Solution Architect
[Ref. CLPP-ITG-ITBP-ITSA]**

CLP was founded in Hong Kong in 1901, at a time when electricity was still a novelty worldwide. Today we power millions of homes and businesses across the Asia Pacific regions. In Hong Kong, we operate a vertically-integrated electricity supply business providing a highly-reliable supply of electricity to 80% of the city's population. Outside Hong Kong, we invest in the energy sector in Mainland China, India, Southeast Asia, Taiwan and Australia. Our business includes power generation, transmission and distribution, and electricity and gas retail activities. Our goal is to meet Asia-Pacific's energy challenge in a sustainable manner from one generation to the next.

CLP is an Equal Opportunity Employer and is committed to providing a working environment free from discrimination or harassment. All applicants will be considered for employment on an equal basis regardless of gender, physical or mental state, race, nationality, religion, age, family status or sexual orientation.

CLP is also a certified Fair Wage Employer in recognition of the Company's exemplary wage policies and practices.

CLP has embarked on a journey to becoming a "Utility of the Future" which is customer-centric, agile and digitally-enabled. The company is launching strategic transformation initiatives across the business in which next generation technologies will play a pivotal role.

We are looking for a passionate IT professional to join the IT Business Partnering team within the Information Technology Group of CLP Power Hong Kong Limited. The successful applicant will be responsible for the following duties:

Key Responsibilities:

- Plan and deliver technology standardisation and innovation - Facilitate scoping and business priority setting through use cases or design artefacts; ability to understand business needs and propose IT solution options with strategic considerations and alignment with overall IT strategy, cloud strategy and IT standard
- Conduct solution sourcing – conduct market research to shortlist IT solutions; evaluate solution options and propose recommendations to IT key stakeholders; support RFP development and tendering process
- Deliver solution architecture – Develop end to end solution blueprint which will act as a source of guidance and control for the solution implementation
- Facilitate business and IT strategic alignment – Work closely with Business Partnering Senior Managers to support key business transformation projects (e.g. digital transformation, process digitalisation, ERP transformation, IoT architecture etc) in strategic planning and solution planning

- Stakeholder Management – Coordinate with key stakeholders in business and IT to align the end-to-end solution architecture and obtain formal agreement from key stakeholders on architectural deliverables

Requirements:

- A recognised university degree in Business Administration, Information Technology, Computer Science, or related disciplines. Master's degree in a related field is desirable.
- At least 8-10 years of utilities industry or IT and business work experience with a broad range of exposure to various technical environments and business segments
- Experiences in architecture design for transformational program
- Proven ability to be effective in a customer facing role, driving customer centric ways of working
- Professional credentials in ITIL, PMP, COBIT, ScrumMaster, DevOps, or relevant disciplines preferred
- Solution architecture certification(s) in one (or more) cloud/on-premise solution(s), where applicable
- Good at Problem solving and analytical skills
- Excellent communication and negotiation skills, as well as influencing and leadership skills
- Good at facilitation, vendor management, project management, change management and relationship management
- Demonstrable commitment to continuous learning
- Proactive, performance driven and results oriented

Please apply by sending email to chr@clp.com.hk giving a detailed C.V. including current and expected salary, career history, major achievements and personal attributes on or before **18 January 2022**.

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted. We comply with all applicable laws and regulations of HKSAR in handling applications. For details of the Personal Information Collection Statement, please visit our website: <https://clp.to/engPICS>
