

Vacancy

**CLP Power Hong Kong Limited
Information Technology Group /
IT Business Enablement /
Assets and Operations Services
Analyst – Assets and Operations Services (3-Year Contract)
[Ref. CLPP-ITG-ITBE-AOS-A-AOS]**

CLP was founded in Hong Kong in 1901, at a time when electricity was still a novelty worldwide. Today we power millions of homes and businesses across the Asia Pacific regions. In Hong Kong, we operate a vertically-integrated electricity supply business providing a highly-reliable supply of electricity to 80% of the city's population. Outside Hong Kong, we invest in the energy sector in Mainland China, India, Southeast Asia, Taiwan and Australia. Our business includes power generation, transmission and distribution, and electricity and gas retail activities. Our goal is to meet Asia-Pacific's energy challenge in a sustainable manner from one generation to the next.

CLP is an Equal Opportunity Employer and is committed to providing a working environment free from discrimination or harassment. All applicants will be considered for employment on an equal basis regardless of gender, physical or mental state, race, nationality, religion, age, family status or sexual orientation.

CLP is also a certified Fair Wage Employer in recognition of the Company's exemplary wage policies and practices.

CLP has embarked on a journey to becoming a "Utility of the Future" which is customer-centric, agile and digitally-enabled. The company is launching strategic transformation initiatives across the business in which next generation technologies will play a pivotal role.

We are looking for high calibre professionals to join the IT Business Enablement (ITBE) - Assets and Operations Services Branch, ITG of CLP Power Hong Kong Limited to backfill resources who will be seconded to the DNOO Project Team.

Reporting to the Team Lead of the team, the appointee will undertake the following major duties.

Key Responsibilities:

- Conduct user requirement studies (liaising with IT Business Partnering team), system analysis and design, solution evaluation, technical feasibility study, contract negotiation with IT vendor(s) etc.
- Collaborate with vendors and service providers for solution planning, service delivery and technical support activities
- Carry out and assist in managing the implementation and ongoing support of IT systems related to planning, operation and maintenance of power system assets in generation, transmission and distribution businesses. These application systems include, but not limited to:
 - Geographic Information Systems
 - Asset and Facility Management Systems
 - Emergency Management Systems

- Carry out system development/deployment, testing, training, system cutover/rollout, documentation, maintenance and support

Requirements:

- A recognised university degree in Information Technology, Computer Science, or related disciplines. Master's degree in a related field is desirable.
- 4-6 years of experience in providing IT services
- Experience in project and vendor management
- Hands-on development experience and knowledge in any of the following skills would be an advantage
 - .NET, .NET Core, .NET framework, MS Power Platform, Objective-C, Swift, JavaScript, RDBMS (e.g. MS SQL Server), API Management Platform (e.g. Apigee), Enterprise Integration Platform (e.g. Dell Boomi)
 - Cloud computing platforms such as Microsoft Azure Cloud, Alibaba Cloud, containerisation, virtualisation and other cloud services.
 - Agile software development methodology, Scrum, DevOps, API based application integration and experience / knowledge in design thinking is highly preferable
 - Mobile app development and support experience for iOS and Android
- Professional credentials in ITIL, PMP, COBIT, ScrumMaster, DevOps, or relevant disciplines would be an advantage
- Proven track record of problem solving and analytical abilities
- Strong communication and interpersonal skills
- Good at vendor management, change management and relationship management
- Demonstrable commitment to continuous learning
- Proactive, performance driven and results oriented
- Good spoken and written English

Please apply by sending email to chr@clp.com.hk giving a detailed C.V. including current and expected salary, career history, major achievements and personal attributes on or before **20 October 2021**.

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted.
