

Vacancy

**CLP Power Hong Kong Limited
Information Technology Group /
IT Management Office /
IT Strategy and Planning
Senior Analyst – IT Strategy and Planning
[Ref. CLPP-ITG-ITMO-ITSP-SA-ITSP]**

CLP was founded in Hong Kong in 1901, at a time when electricity was still a novelty worldwide. Today we power millions of homes and businesses across the Asia Pacific regions. In Hong Kong, we operate a vertically-integrated electricity supply business providing a highly-reliable supply of electricity to 80% of the city's population. Outside Hong Kong, we invest in the energy sector in Mainland China, India, Southeast Asia, Taiwan and Australia. Our business includes power generation, transmission and distribution, and electricity and gas retail activities. Our goal is to meet Asia-Pacific's energy challenge in a sustainable manner from one generation to the next.

CLP has embarked on a journey to becoming a “Utility of the Future” which is customer-centric, agile and digitally enabled. The company is launching strategic transformation initiatives across the business in which next generation technologies will play a pivotal role. We believe our success over the past 120 years has relied on our adherence to our deep-rooted culture and values. Our six core values are - care and trust; take ownership; pursue excellence; respect and value everyone; agile and innovative; continuous learning.

We are looking for a passionate IT professional to join the IT Management Office within the Information Technology Group of CLP Power Hong Kong Limited. The successful applicant will be responsible for the following duties:

Key Responsibilities:

- Key member of the Strategy & Planning team, responsible for the design and implementation of the technology strategy
- Conduct market scanning and benchmarking exercises to guide long-term technology strategy
- Formulating the IT investment plan, monitor its execution and recommend corrective actions where necessary
- Collaborate with business and functional units to translate strategic vision into actionable initiatives for execution
- Keep abreast on new / emerging technologies and assess feasibility of introducing them into CLP
- Support IT operational financial planning and reporting for Group IT, with support from relevant corporate functions
- Support organisation readiness activities to adopt digital transformation and future-ready culture change

Requirements:

- Bachelor's degree with 4-6 years of experience in technology or digital strategy development
- Experience working in a top or mid-tier management consulting firm or in-house strategy or planning for a multi-national company
- Proven experience in translating organisational vision into impactful technology strategy and roadmap

- Strong understanding of digital transformation trends and related technologies
- Strong power-point skills with the ability to distil complex information into impactful stories
- Excellent communication skills with ability to convey key messages in a succinct manner
- Ability to run design thinking workshops and virtual workshops with senior stakeholders
- Detail oriented with strength in data analysis and business case modeling skills
- Self-starter with innovative and digital mindset
- Strong stakeholder management skills
- Fluent in English, Cantonese a bonus
- Professional credentials in Agile; Prosci; Lean Six Sigma and Prince 2 are a plus (not mandatory)

Please apply by sending email to chr@clp.com.hk giving a detailed C.V. including current and expected salary, career history, major achievements and personal attributes on or before **16 Apr 2021**.

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.
