

# Vacancy

**CLP Power Hong Kong Limited**  
**Generation Business Group**  
**Castle Peak Power Station / Operations**  
**Shift Engineers (2-year contract)**  
**[Ref.: CLPP-GBG-CPPS-O-SE]**

*CLP was founded in Hong Kong in 1901, at a time when electricity was still a novelty worldwide. Today we power millions of homes and businesses across the Asia Pacific regions. In Hong Kong, we operate a vertically-integrated electricity supply business providing a highly-reliable supply of electricity to 80% of the city's population. Outside Hong Kong, we invest in the energy sector in Mainland China, India, Southeast Asia, Taiwan and Australia. Our business includes power generation, transmission and distribution, and electricity and gas retail activities. Our goal is to meet Asia-Pacific's energy challenge in a sustainable manner from one generation to the next.*

*CLP is an Equal Opportunity Employer and is committed to providing a working environment free from discrimination or harassment. All applicants will be considered for employment on an equal basis regardless of gender, physical or mental state, race, nationality, religion, age, family status or sexual orientation.*

*CLP is also a certified Fair Wage Employer in recognition of the Company's exemplary wage policies and practices.*

Applications are invited for the above position in the Castle Peak Power Station. Reporting to the Senior Engineer, the appointees will assist in the generation operation and front-line repair and maintenance of the power plant equipment in the Station to ensure that the electricity production processes are operated in a safe, reliable and efficient manner. Major duties include: -

- Supervise power plant operation, fuel & material handling system operation, start-up / shut down of the generating units, and emergency repair / maintenance of plant equipment according to the established station procedures, company safety rules, policies and standards.
- Provide technical, engineering and operation support for main plant operation and/or fuel & material handling teams on rotation basis.
- Liaise with the parties concerned to facilitate unit generation, maintenance work, circuit switching and other activities to optimize output.
- Co-ordinate unit / station / fuel & materials handling system maintenance activities, carry out electrical and mechanical isolation and issue safety documents.
- Lead diagnostic and quick fix for equipment fault and defects.
- Supervise and motivate subordinates to conduct operational work as per procedures to required performance.
- Perform any other duties, such as Fire Fighter, First Aider and Breathing Apparatus User, etc assigned by supervisor as and when required.
- Assist the duties of Senior Shift Engineer or Senior Engineer in day team if necessary.
- Work on 3-shift basis or non-shift basis according to business needed.

### Requirements:

- A recognized university degree or equivalent in an engineering discipline, plus at least 3 years' relevant working experience.
- Proficient in both written and spoken English and Chinese.
- A good team player, self-initiative with strong analytical skills.
- Familiar with CLP Power operations safety policies & procedures, SHE policies, standards and requirements is an advantage.
- Candidate with less experience will be considered as Assistant Shift Engineer.

Please apply by sending email to [hrgbg@clp.com.hk](mailto:hrgbg@clp.com.hk) giving a detailed C.V., including career history, major achievements and personal attributes on or before **12 August 2022**.

**Important: To facilitate our easy tracking please use a unique file name for all attachments and your email subject box in this format: CLPP\_GBG\_CPPS\_O\_SE\_LastName\_First Name\_Other Names.**

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted. We comply with all applicable laws and regulations of HKSAR in handling applications.
