CLP Holdings Limited CLP Graduate Trainee Programme [Ref: CLPH-GT]

Founded in 1901 as China Light and Power Company Limited in Hong Kong, CLP Group has grown from a Hong Kong-based power utility into a leading investor and operator in the Asia Pacific Region's electricity market. Outside Hong Kong, CLP invests in the energy sector in Mainland China, India, Southeast Asia, Taiwan and Australia. Our business includes power generation, transmission and distribution, and electricity and gas retail activities. CLP Holdings Limited, a company listed on the Stock Exchange of Hong Kong, is the holding company for the CLP Group.

Recognising that employees are the most valuable asset to its long-term growth and business success; CLP is committed to talent and leadership development. We are now inviting competent and high-calibre fresh and recent graduates majored in Electrical / Mechanical / Electronics / Energy / Chemical / Aerospace⁽¹⁾ / Building Service⁽²⁾ Engineering to join our Graduate Trainee Programme. Successful candidates will go through a 2-year well-structured training programme and be supported to achieve professional HKIE accreditation (Scheme A), and be groomed as competent engineers to help powering the growth and prosperity of the society by providing highly reliable electricity supply and excellent customer services.

During the 2-year programme, the trainees will be rotated across departments and projects to gain hands-on work experience and knowledge. They will gain technical, commercial and leadership skills through training in world-class facilities and visiting overseas renewable power stations. They will also learn from experienced engineering supervisors and business leaders. Upon successful completion of the programme, the trainees will be offered a position in one of the engineering departments, leading to a career as an Engineering Manager and beyond.

Requirements:

We would like to hear from you if you possess the following qualification and attributes:

- Final year university student or recent university graduate majored in Electrical / Mechanical / Electronics / Energy / Chemical / Aerospace⁽¹⁾ / Building Service⁽²⁾ Engineering
- Good academic results and a genuine passion for a professional engineering career
- A team player with good communication skill and leadership potential to work in diverse teams
- Analytical, innovative and digital savvy
- Proactive, self-motivated, adaptable and embracing change
- Willing to take up shift and/or standby duties (if necessary) on graduation

Remarks:

(1) According to our business needs, Aerospace Engineering graduates are required and eligible to register in the Mechanical discipline in HKIE Scheme A programme.

(2) According to our business needs, Building Services graduates are required and eligible to register in the Energy discipline in HKIE Scheme A programme.

Application:

Please complete the [application form](#) no later than 5 November 2021.

Eligible applicants will be contacted by Human Resources for more information on recruitment assessments in November.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted. We comply with all applicable laws and regulations of HKSAR in handling applications. For details of the Personal Information Collection Statement, please visit our website: <http://clp.to/engPICS>.
