Group Sustainability

Senior Specialist – Sustainability Performance & Reporting

[Ref.: CLPH-GLACAO-GS-SS]

We are looking for a high caliber individual to join our Group Sustainability as Senior Specialist – Sustainability Performance & Reporting. Key responsibilities include:

The Position Profile:

- Support the production of the annual CLP Sustainability Report and the development of the ESG sections in the CLP Annual Report
- Support the ESG materiality assessment process for CLP Group
- Support the development of CLP responses to ESG indices and/or questionnaires, such as CDP, Dow Jones Sustainability Indices, Hang Seng Corporate Sustainability Index and others as appropriate.
- Support the development of accurate and timely responses to ESG queries from the finance sector, including investors, lenders and insurers
- Analyse ESG data and assessment results, including emerging stakeholder trends, benchmarking of CLP Group's sustainability and/or operational performance against industry peers & leaders, and identify areas for improvement for Senior Management consideration
- Support CLP Business Units with technical insights and expertise related to ESG reporting
- Support the development of CLP Group responses to ESG reporting related public consultations
- Monitor emerging stakeholder trends and international ESG-related policies and potential local ESG-related regulations particularly in the jurisdictions where we operate

Requirements:

- A relevant and recognised University degree in business, finance, science, engineering, environment, or sustainability-related program or studies; A second and/or higher degree in a related field is preferred
- Professional qualifications and/or memberships in a field of science, engineering, business, environment or sustainability is an advantage
- 5-8 years of experience in either business, finance, science, engineering, environmental or sustainability areas; with at least 3 years of experience in ESG reporting and/or related fields preferred
- Knowledgeable in ESG data management, optimization, benchmarking, and research
- Experience in interpreting scientific and technical reports
- Advanced presentation skills and ability to articulate complex technical issues
- Excellent stakeholder management and organizational skills and ability to work under pressure to deal with multiple tasks and tight deadlines

- High proficiency in written and spoken English required, knowledge of Cantonese/ Mandarin will be considered an advantage

Please apply by sending email to ghr@clp.com.hk giving a detailed C.V., including academic qualification, career history, expected salary, major achievements and personal attributes on or before **30 October 2021**.
