

## Vacancy

### CLP Power Hong Kong Limited Power Systems Business Group (PSBG) Engineer / Assistant Engineer (2-Year Contract) [Ref. CLPP-PSBG-E-AE-B4]

*CLP was founded in Hong Kong in 1901, at a time when electricity was still a novelty worldwide. Today we power millions of homes and businesses across the Asia Pacific regions. In Hong Kong, we operate a vertically-integrated electricity supply business providing a highly-reliable supply of electricity to 80% of the city's population. Outside Hong Kong, we invest in the energy sector in Mainland China, India, Southeast Asia, Taiwan and Australia. Our business includes power generation, transmission and distribution, and electricity and gas retail activities. Our goal is to meet Asia-Pacific's energy challenge in a sustainable manner from one generation to the next.*

*CLP is an Equal Opportunity Employer and is committed to providing a working environment free from discrimination or harassment. All applicants will be considered for employment on an equal basis regardless of gender, physical or mental state, race, nationality, religion, age, family status or sexual orientation.*

*CLP is also a certified Fair Wage Employer in recognition of the Company's exemplary wage policies and practices.*

To expand our talent pool and strengthen our talent pipeline, apart from our annual Graduate Trainee (GT) recruitment drive targeting recent and fresh Engineering graduates, we are now inviting energetic and passionate Electrical Engineering candidates to apply for our **Power Systems Engineers Recruitment Program**.

Subject to years of relevant experience and level of relevant knowledge and skills demonstrated, successful candidates will be appointed as Engineer or Assistant Engineer under a 2 – year fixed term contract, renewable based on satisfactory learning progress and performance. **Those who demonstrated good performance may also be considered for appointment on the prevailing permanent terms.**

Successful candidates will be assigned to work in one of the PSBG's frontline departments and will go through a well - structured Familiarization Training Program managed by CLP Power Learning Institute. Apart from departmental visits, both technical and non - technical skills training will be provided.

We would like to hear from you if you possess the following qualification and attributes:

- A recognized university degree in Electrical Engineering or equivalent
- At least 1 year's relevant engineering experience
- Good safety knowledge and mindset with strong sense of responsibility
- Good analytical ability and able to work under pressure and tight schedule
- Good interpersonal skill and ability to communicate technical concepts in both English & Chinese/Cantonese

Please apply by completing an on-line application form (<https://forms.office.com/r/6pAkAXMsJb>) on or before **24 June 2022**.

Only shortlisted candidates will be contacted, and applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted. We comply with all applicable laws and regulations of HKSAR in handling applications. For details of the Personal Information Collection Statement, please visit our website: <http://clp.to/engPICS>
