

Vacancy

CLP Power Hong Kong Limited
Power Systems Business Group
Transmission Department / Plant Branch
Engineer II (2-Year Contract)
[Ref.: CLPP-PSBG-TD-Plant-Protection-EII]

CLP was founded in Hong Kong in 1901, at a time when electricity was still a novelty worldwide. Today we power millions of homes and businesses across the Asia Pacific regions. In Hong Kong, we operate a vertically-integrated electricity supply business providing a highly-reliable supply of electricity to 80% of the city's population. Outside Hong Kong, we invest in the energy sector in Mainland China, India, Southeast Asia, Taiwan and Australia. Our business includes power generation, transmission and distribution, and electricity and gas retail activities. Our goal is to meet Asia-Pacific's energy challenge in a sustainable manner from one generation to the next.

CLP is an Equal Opportunity Employer and is committed to providing a working environment free from discrimination or harassment. All applicants will be considered for employment on an equal basis regardless of gender, physical or mental state, race, nationality, religion, age, family status or sexual orientation.

CLP is also a certified Fair Wage Employer in recognition of the Company's exemplary wage policies and practices.

We are looking for a high caliber professional to join our Protection O&M Section of Plant Branch of Transmission Department. Reporting to an Engineer I, the appointee will be responsible for the following major responsibilities:

- Supervise and carry out operation & maintenance, major repair and improvement projects of various transmission protection systems up to 400kV
- Carry out fault / defect investigation, diagnosis, analysis and repairs as well as prepare related detailed reports
- Assist in preparing feasibility study, budget, design and engineering of transmission improvement / renovation projects in accordance with statutory, safety, technical, cost, quality, and customer requirements
- Assist in application and monitoring of statutory permits and liaising with external parties
- Assist in planning, monitoring and controlling project activities and implementing control procedures and practices in accordance with the Company's management systems of health, safety, security, environment and quality (HSSEQ)
- Assist in management of contractor activities, negotiation and attending site meetings with various stakeholders for different infrastructure and external projects
- Ensure proper record update in various management systems
- Perform emergency call out / repair work, shift work, and/or work under adverse weather condition as and when required

Requirements:

- A recognized University degree in Electrical Engineering or equivalent
- At least 3 years' relevant experience in project management / engineering of transmission projects
- Familiarity with CLP Power Safety Rules, engineering standards and codes of practice is preferable
- Good safety awareness and mindset

- Ability to work independently and meet tight deadline
- Good interpersonal skills and ability to communicate effectively in English and Chinese; fluency in Putonghua would be an advantage
- Willingness to work cross-border in Mainland China
- Customer-oriented, self-motivated, and a team player
- Being Authorised Person (AP) / Senior Authorised Person (SAP) would be an advantage
- A valid Driving License class 1, 2 would be an advantage

Candidate with less qualification and/or experience but demonstrates potential for further development will be considered for a position at lower grade.

Please apply by sending email to hrps@clp.com.hk giving a detailed C.V., including career history, major achievements and personal attributes, present and expected salary on or before **16 October 2021**.

Important: To facilitate our easy tracking please use a unique file name for all attachments and your email subject box in this format: PSBG-TD-Plant-Protection-EII_Last Name_First Name_Other Names (if applicable)

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted.
