

Vacancy

CLP Power Hong Kong Limited
Power Systems Business Group
Transmission Department / Civil Branch
Engineer II (2-Year Contract)
[Ref.: CLPP-PSBG-TD-Civil-SF-EII]

Founded in 1901 as China Light and Power Company Limited in Hong Kong, CLP Group has grown from a Hong Kong-based power utility into a leading investor and operator in the Asia Pacific Region's electricity market. Its portfolio comprises over 60 generation assets of gas, coal, nuclear and renewable energy, distribution and transmission assets and retail operations. The CLP Group is owned by CLP Holdings, a company listed on the Stock Exchange of Hong Kong.

We are looking for high calibre professional to join the Transmission Department. Reporting to the team leader and senior engineer, the appointee will be responsible for the following duties:

- Supervise the maintenance and repair of substations including the building structure, building facilities, auxiliary equipment, building services, fire protection system and slope
- Responsible for improvement project and building maintenance contract including tender evaluation, budget planning & control and project management
- Issue and sign the Certificate of Maintenance (FS251) for certifying the completion of maintenance on fire protection systems in accordance with government legislations
- Assist in carrying out pre-commissioning checks and commissioning tests on substation equipment
- Carry out fault / defect investigation, diagnosis, analysis and repairs
- Implement control procedures and practices on project management, operations and contractor performance in accordance with the Company's management systems of safety, health, environment and quality (SHEQ)
- Provide training for engineering/technical professional/technical operations staff
- Perform duty under adverse weather conditions
- Perform standby or emergency call-out duty outside normal office hours and / or shift work if and when required

Requirements:

- A recognized University degree in Engineering or relevant disciplines or equivalent
- At least 3 years' relevant experience
- Certificate of Registration of Electrical Worker
- A Registered Class III Fire Service Installation Contractors and Grade I plumber's license is an advantage
- Familiarity with CLP Power Safety Rules, engineering standards and codes of practice is preferable
- Good safety awareness and mindset
- Ability to work independently and meet tight deadline
- A valid Driving License class 1, 2
- Good interpersonal skills and ability to communicate effectively in English and Chinese
- Customer-oriented, self-motivated, and a team player

Candidate who does not fully meet the requirements but has demonstrated positive attitude and good potential for further development will be offered Assistant Engineer.

Please apply by sending email to hrps@clp.com.hk giving a detailed C.V., including career history, major achievements and personal attributes on or before **19 January 2021**.

Important: To facilitate our easy tracking please use a unique file name for all attachments and your email subject box in this format: PSBG-TD-Civil-SF-EII_Last Name_First Name_Other Names (if applicable)

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted. We comply with all applicable laws and regulations of HKSAR in handling applications.
