

Vacancy

CLP Power Hong Kong Limited
Power Systems Business Group
Technical Services Department / Telecommunications Branch
Engineer II (2-Year Contract)
[Ref: CLPP-PSBG-TSD-TB-EII]

Founded in 1901 as China Light and Power Company Limited in Hong Kong, CLP Group has grown from a Hong Kong-based power utility into a leading investor and operator in the Asia Pacific Region's electricity market. Its portfolio comprises over 60 generation assets of gas, coal, nuclear and renewable energy, distribution and transmission assets and retail operations. The CLP Group is owned by CLP Holdings, a company listed on the Stock Exchange of Hong Kong.

We are looking for a high calibre engineering professional to join the Telecommunications Branch of our Power Systems Business Group. Our telecommunications networks cover the full spectrum of technologies including fibre optic, transmission & multiplexing, microwave, LAN/WAN, PABX, TETRA and other radio networks.

Reporting to an Engineer I, the appointee will be responsible for the following duties:

- Plan and monitor the assigned telecommunications projects to ensure they could be delivered on time and within budget under the required safety and quality standards
- Perform project works, system fault diagnosis, and investigation at power substations and hill-top stations and in some cases with the support from contractors
- Liaise and co-ordinate with various departments to deliver telecommunications services/projects to fulfil the customers' needs
- Deploy and restore telecommunications services upon user requests, equipment fault and system upgrade and migration
- Perform network operation and maintenance works to achieve the KPI target of Telecommunications system availability
- Plan and schedule routine maintenance of aforementioned telecommunications systems and the auxiliary systems and facilities
- Review and prepare engineering and safety documents including system design, work schedule, installation plan, test and commissioning plan, wiring record, as-built drawing, system handover document, operation and maintenance procedure, system migration plan, Safe Systems of Work (SSOW), Written Safe Work Procedure (WSWP), ...etc.
- Supervise tradesmen and contractors works and ensure the compliance with the technical, safety, quality and statutory requirements
- Perform duties during typhoon periods, adverse weather conditions, and non-office hours as required

Requirements:

- A recognized university degree in Telecommunications, Electronics, Computer Engineering or equivalent
- At least 3 years' relevant engineering experience in implementing telecommunications-related projects
- Experience and knowledge in telecom network implementation, e.g. fibre optic, transmission & multiplexing, microwave, LAN/WAN, PABX, TETRA and other radio networks
- Proficiency in SDH- and IP-MPLS based multiplexing technologies and other data networking, routing and switching communication protocols, like OSPF and BGP, as well as knowledge in cyber security will be an added advantage

- Possession of good safety and environmental awareness
- Independent, result-oriented, self-motivated, and able to work under pressure
- Proficiency in both spoken and written English and Chinese
- Possession of good communication, interpersonal and team-building skills
- A valid Driving License class 1, 2 would be an advantage

Applicants who do not fully meet the requirements but have demonstrated positive attitude and good potential will be offered Assistant Engineer.

Please apply by sending email to hrps@clp.com.hk giving a detailed C.V., including academic qualification, career history, major achievements (including safety contributions & achievements), and personal attributes on or before **5 March 2021**. To facilitate our easy tracking, please use a unique file name for all attachments and your email subject box in this format: **TSD_TB_EII_Last Name_First Name_Other Names**.

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted. We comply with all applicable laws and regulations of HKSAR in handling applications. For details of the Personal Information Collection Statement, please visit our website: <http://clp.to/engPICS>.
