

Vacancy

CLP Power Hong Kong Limited
Power Systems Business Group
Technical Services Department / Metering Branch
Engineer II (2-Year Contract)
[Ref: CLPP-PSBG-TSD-MB-EII]

CLP was founded in Hong Kong in 1901, at a time when electricity was still a novelty worldwide. Today we power millions of homes and businesses across the Asia Pacific regions. In Hong Kong, we operate a vertically-integrated electricity supply business providing a highly-reliable supply of electricity to 80% of the city's population. Outside Hong Kong, we invest in the energy sector in Mainland China, India, Southeast Asia, Taiwan and Australia. Our business includes power generation, transmission and distribution, and electricity and gas retail activities. Our goal is to meet Asia-Pacific's energy challenge in a sustainable manner from one generation to the next.

CLP is an Equal Opportunity Employer and is committed to providing a working environment free from discrimination or harassment. All applicants will be considered for employment on an equal basis regardless of gender, physical or mental state, race, nationality, religion, age, family status or sexual orientation.

CLP is also a certified Fair Wage Employer in recognition of the Company's exemplary wage policies and practices.

Applications are invited for the above vacancy in Metering Branch of Technical Services Department. Reporting to Section Head, major duties of the appointee would include:

- Provide technical support on the development of technical specifications and guidelines for application of metering equipment and systems
- Monitor and evaluate the performance of the existing application systems and initiate improvements to meet changes in the business environment
- Evaluate new metering equipment and make appropriate recommendations for implementation
- Perform daily operations on various meter reading management systems, e.g., Customer Care & Marketing System (CCMS), Advanced Metering Infrastructure (AMI), etc
- Design and conduct user acceptance tests for system upgrade
- Develop procedures, guidelines, and training materials to support operations
- Conduct procurement of quality metering equipment and systems to meet the customer requirements in the most competitive and cost-effective manner
- Perform any other duties assigned by supervisor as and when required

Requirements:

- A recognized University degree in Electrical, Electronics, Telecommunication Engineering or equivalent
- At least 3 years' experience in the installation, testing, commissioning, maintenance and development of metering equipment and systems

- Positive safety attitude and good understanding of relevant statutory SHEQ requirements, engineering standards, codes of practice and procedures
- Good analytical mind, critical thinking, and fast learning
- Ability to work under pressure with strong drive to complete projects
- Knowledge and experience in metering operations and SAP would be an asset
- Knowledge in Power BI / Power Automate / R / Python would be an advantage
- Good verbal and written communication skills
- Good team player and be flexible to work on ad-hoc tasks
- A valid Driving License

Candidates who do not fully meet the requirements but have demonstrated positive attitude and good potential for further development will be considered for Assistant Engineer.

Please apply by sending email to hrps@clp.com.hk giving a detailed C.V., including academic qualification, career history, major achievements (including safety contributions & achievements), and personal attributes on or before **26 October 2021**. To facilitate our easy tracking, please use a unique file name for all attachments and your email subject box in this format: **TSD_MB_EII_Last Name_First Name_Other Names**.

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted. We comply with all applicable laws and regulations of HKSAR in handling applications. For details of the Personal Information Collection Statement, please visit our website: <http://clp.to/engPICS>.
