

# Vacancy

**CLP Power Hong Kong Limited**  
**Power Systems Business Group**  
**Smartgrid & Innovation Department / ADMS Branch**  
**Engineer II (3-Year Contract)**  
**[Ref.: CLPP-PSBG-SG&I-ADMS-EII]**

*CLP was founded in Hong Kong in 1901, at a time when electricity was still a novelty worldwide. Today we power millions of homes and businesses across the Asia Pacific regions. In Hong Kong, we operate a vertically-integrated electricity supply business providing a highly-reliable supply of electricity to 80% of the city's population. Outside Hong Kong, we invest in the energy sector in Mainland China, India, Southeast Asia, Taiwan and Australia. Our business includes power generation, transmission and distribution, and electricity and gas retail activities. Our goal is to meet Asia-Pacific's energy challenge in a sustainable manner from one generation to the next.*

*CLP is an Equal Opportunity Employer and is committed to providing a working environment free from discrimination or harassment. All applicants will be considered for employment on an equal basis regardless of gender, physical or mental state, race, nationality, religion, age, family status or sexual orientation.*

*CLP is also a certified Fair Wage Employer in recognition of the Company's exemplary wage policies and practices.*

CLP Power has embarked on a journey to becoming a "Utility of the Future" which is customer-centric, agile and digitally-enabled. The company is launching strategic transformation initiatives across the business in which next generation technologies will play a pivotal role. We are looking for passionate engineers to join the ADMS (Advanced Distribution Management System) project team.

ADMS is a real-time control computer system that will monitor and control the distribution power network of CLP Power Hong Kong. It will be a state of the art system designed to meet the Company's goals of Digitalization, Decentralization and Decarbonization.

Reporting to the Project Implementation Manager, the appointees will undertake the following major duties:

## **Key Responsibilities:**

- Manage technical aspects of the ADMS project in collaboration with other sub-teams, the ADMS supplier and other contractors
- Support Engineer I to handle all technical aspects of ADMS development, including design review, system configuration design and implementation, system data entry, operational process design, installation, testing and verification, end-user training, documentation, system commissioning
- Support project execution to comply with the CLPP requirements of Project Management Governance System, Operational Technology (OT) Standard, Safety, Health, Environment & Quality (HSEQ) Standard

## Requirements

- A recognized university degree in Information Technology, Computer Science, Electrical Engineering, Electronic Engineering, or related disciplines
- At least 3 years of relevant experience in project management, engineering of IT or OT projects, software engineering or large-scale system operation
- Proficient in software programming, network design, system implementation and system administration
- Good problem solving and analytical abilities as well as being self-initiated
- Strong communication and negotiation skills
- Ability to work independently and meet tight deadline
- Proactive, performance driven and results oriented
- Good spoken and written English

**Candidates who demonstrate good potential for further development but with less qualification and/or experience will be considered for a position at lower grade.**

Please apply by sending email to [hrps@clp.com.hk](mailto:hrps@clp.com.hk) giving a detailed C.V., including current and expected salary, career history, major achievements and personal attributes on or before **26 November 2021**.

**Important: To facilitate our easy tracking please use a unique file name for all attachments and your email subject box in this format: PSBG-SG&I-ADMS-EII\_Last Name\_First Name\_Other Names (if applicable)**

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted. We comply with all applicable laws and regulations of HKSAR in handling applications. For details of the Personal Information Collection Statement, please visit our website: <https://clp.to/engPICS>
