

Vacancy

CLP Power Hong Kong Limited
Power Systems Business Group
Technical Services Department / Telecommunications Branch
Senior Technical Officer (2-Year Contract)
[Ref: CLPP-PSBG-TSD-TB-STO]

CLP was founded in Hong Kong in 1901, at a time when electricity was still a novelty worldwide. Today we power millions of homes and businesses across the Asia Pacific regions. In Hong Kong, we operate a vertically-integrated electricity supply business providing a highly-reliable supply of electricity to 80% of the city's population. Outside Hong Kong, we invest in the energy sector in Mainland China, India, Southeast Asia, Taiwan and Australia. Our business includes power generation, transmission and distribution, and electricity and gas retail activities. Our goal is to meet Asia-Pacific's energy challenge in a sustainable manner from one generation to the next.

CLP is an Equal Opportunity Employer and is committed to providing a working environment free from discrimination or harassment. All applicants will be considered for employment on an equal basis regardless of gender, physical or mental state, race, nationality, religion, age, family status or sexual orientation.

CLP is also a certified Fair Wage Employer in recognition of the Company's exemplary wage policies and practices.

We are looking for a high calibre engineering professional to join the Telecommunications Branch of our Power Systems Business Group. Our telecommunications networks cover the full spectrum of technologies including fibre optic, transmission & multiplexing, microwave, LAN/WAN, PABX, TETRA and other radio networks.

Reporting to a Senior Engineer, the appointee will be responsible for the following duties:

- Plan and monitor the assigned telecommunications projects to ensure they could be delivered on time and within budget under the required safety and quality standards
- Perform project works, system fault diagnosis, and investigation at power substations and hill-top stations
- Liaise and co-ordinate with various departments to deliver telecommunications services/projects to fulfil the customers' needs
- Deploy and restore telecommunications services upon user requests, equipment fault and system upgrade and migration
- Perform network operation and maintenance works to achieve the KPI target of Telecommunications system availability
- Plan and schedule routine maintenance of aforementioned telecommunications systems and the auxiliary systems and facilities
- Review and prepare engineering and safety documents including system design, work schedule, installation plan, test and commissioning plan, wiring record, as-built drawing, system handover document, operation and maintenance procedure, system migration plan, Safe Systems of Work (SSOW), Work Planning Form (WPF), Safe Work Procedure (WSWP), ...etc.
- Supervise technicians and contractors' works and ensure their compliance with the technical, safety, quality and statutory requirements
- Perform duties during typhoon periods, adverse weather conditions, and non-office hours as required

Requirements:

- Higher Certificate / Higher Diploma in Telecommunications, Electronics, Computer Engineering or Professional Diploma in Power Engineering or equivalent plus a minimum of 5 years' relevant experience OR
Ordinary Certificate / Ordinary Diploma in relevant disciplines or Diploma in Power Engineering or equivalent plus 8 years' relevant experience with at least 3 years at Technical Officer II level
- Construction Industry Safety Training Certificate
- Authorised Person - Restricted Duties would be preferable
- Safety Supervisor or equivalent would be preferable
- Registered Electrical Worker (REW) qualification would be an advantage
- A valid driving licence class 1 and 2. For CLP staff, Company Authorized Driver is required
- Mindful with good safety awareness
- Experience and knowledge in telecom network implementation, e.g. fibre optic, transmission & multiplexing, microwave, LAN/WAN, PABX, TETRA and other radio networks
- Proficiency in MS Office Applications
- Ability to work independently and communicate technical concepts in English and Cantonese, verbally and in writing
- Proven interpersonal and team-building skills

Candidates with less qualification and/or experience but demonstrate good potential for further development will be considered for a position at lower grade.

Please apply by sending email to hrps@clp.com.hk giving a detailed C.V., including academic qualifications, career history, major achievements and personal attributes on or before **27 May 2022**. To facilitate our easy tracking, please use a unique file name for all attachments and your email subject box in this format: **TSD_TB_STO_Last Name_First Name_Other Names**.

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted. We comply with all applicable laws and regulations of HKSAR in handling applications. For details of the Personal Information Collection Statement, please visit our website: <https://clp.to/engPICS>
