

# Vacancy

**CLP Power Hong Kong Limited**

**Power Systems Business Group**

**Technical Services Department / Digital Systems Branch**

**Analyst – Data Analytics (2-Year Contract)**

**[Ref. CLPP-PSBG-TSD-DSB-A-DA]**

*CLP was founded in Hong Kong in 1901, at a time when electricity was still a novelty worldwide. Today we power millions of homes and businesses across the Asia Pacific regions. In Hong Kong, we operate a vertically-integrated electricity supply business providing a highly-reliable supply of electricity to 80% of the city's population. Outside Hong Kong, we invest in the energy sector in Mainland China, India, Southeast Asia, Taiwan and Australia. Our business includes power generation, transmission and distribution, and electricity and gas retail activities. Our goal is to meet Asia-Pacific's energy challenge in a sustainable manner from one generation to the next.*

*CLP is an Equal Opportunity Employer and is committed to providing a working environment free from discrimination or harassment. All applicants will be considered for employment on an equal basis regardless of gender, physical or mental state, race, nationality, religion, age, family status or sexual orientation.*

*CLP is also a certified Fair Wage Employer in recognition of the Company's exemplary wage policies and practices.*

We are looking for a high calibre IT professional to join Digital Systems Branch of Technical Services Department. Reporting to an Engineer I, the appointee will be responsible for following duties:

- Manage implementation of business intelligence/analytics initiatives, associated enhancements, and production system support
- Participate in wider range of related domain activities when required as part of the total integrated solution delivery
- Work with the department / branch for business requirements collection and business process improvement analysis
- Conduct user requirement studies, system analysis and design, contract negotiation and vendor / contractor management
- Participate in system development, testing, training, system cutover / rollout, maintenance, and support
- Perform efficient and effective fault investigation, trouble shooting, repair and maintenance of systems
- Provide technical and professional guidance to team members to achieve the required quality, effectiveness, functionalities, and timeliness of deliverables
- Produce required documentation at various project stages
- Review, plan and support the maintenance and management of control measures for the Operational Technology (OT) systems under the branch

## Requirements:

- A recognized University degree in Information Technology, Management Information Systems or equivalent. Business Analyst and/or Project Management certification is an advantage
- At least 5 years' IT experience in developing and implementing large-scale IT systems, with at least 2 years' experience in business intelligence / analytics
- Knowledge, skills, and experience in following areas will be highly advantageous:

- System implementations and development methodology
- Database concepts (SQL Server preferred), ETL concepts and approaches, and performance tuning
- Managing vendors, handling escalations, and managing internal / external staff projects
- CLP Power's computer, telemetry, and distribution automation systems
- Power system automation standards and communication protocols (e.g. IEC 61850, DNP 3.0, Modbus etc.)
- Managing cloud platform (i.e. Azure, AWS, O365)
- Statistical analysis, programming or scripting (in any of R, ABAP, .NET, C#, stored procedure programming)
- Positive safety attitude
- Creative and innovative with self-initiative, excellent analytical, problem solving, communication and interpersonal skills
- Customer and result-oriented, self-motivated, good team player and able to work under pressure
- Good command of both written and spoken English and Chinese

Candidates with less qualification and/or experience but demonstrate good potential for further development will be considered for a position at lower grade.

Please apply by sending email to [hrps@clp.com.hk](mailto:hrps@clp.com.hk) giving a detailed C.V., including academic qualification, career history, current and expected salary, major achievements and personal attributes, on or before **18 January 2022**. To facilitate our easy tracking, please use a unique file name for all attachments and your email subject box in this format: **TSD\_DSB\_A-DA\_Last Name\_First Name\_Other Names**.

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted. We comply with all applicable laws and regulations of HKSAR in handling applications. For details of the Personal Information Collection Statement, please visit our website: <http://clp.to/engPICS>.
