

Vacancy

CLP Power Hong Kong Limited
Power Systems Business Group
East & West Region / Construction Branch
Engineer II (2-year Contract)
[Ref: CLPP-PSBG-WER-CB-EII]

CLP was founded in Hong Kong in 1901, at a time when electricity was still a novelty worldwide. Today we power millions of homes and businesses across the Asia Pacific regions. In Hong Kong, we operate a vertically-integrated electricity supply business providing a highly-reliable supply of electricity to 80% of the city's population. Outside Hong Kong, we invest in the energy sector in Mainland China, India, Southeast Asia, Taiwan and Australia. Our business includes power generation, transmission and distribution, and electricity and gas retail activities. Our goal is to meet Asia-Pacific's energy challenge in a sustainable manner from one generation to the next.

CLP is an Equal Opportunity Employer and is committed to providing a working environment free from discrimination or harassment. All applicants will be considered for employment on an equal basis regardless of gender, physical or mental state, race, nationality, religion, age, family status or sexual orientation.

CLP is also a certified Fair Wage Employer in recognition of the Company's exemplary wage policies and practices.

Applications are invited for the above vacancy in Construction Branch of East & West Region. Reporting to Engineer I, the successful candidate will be responsible for the following duties:

- Implement construction projects for provision of supply, reinforcement of system network, diversion or other works as assigned by the branch team leaders
- Negotiate and communicate with customers, contractors, utilities, government, developers, landowners etc. to ensure smooth project implementation
- Supervise internal and contractor staff in the delivery of construction tasks including but not limited to cable laying, plant erection, overhead line erection and commissioning of the installed power plant
- Supervise internal and contractor staff to ensure compliance with safety and work procedures
- Carry out switching operation on LV and HV system for implementation of projects
- Update relevant system records for the project, circuit and equipment status
- Perform functional and technical safety audit and quality assurance checks for both internal staff and contractors with reference to legislative requirements as well as pre-determined policies, Company procedures, SHEQ standards, and programmes
- Perform standby duty after normal office hours and during adverse weather condition / typhoon period, and carry out emergency repairs / shift duties as and when required

Requirements:

- A recognized university degree in Electrical Engineering or equivalent

- At least three years' relevant engineering experience in electricity supply industry. Preference will be given to those with experience in power utilities or region operations
- Possession of 11kV Authorized Person qualification is preferred
- Possession of a valid Driving License (class 1, 2) is preferred
- Knowledge on various IT systems like EWMS, AM/FM, DMS, TCOM, SPS etc.
- Familiar with CLP Power Safety Rules, engineering standards and codes of practice / management systems, occupational health and environment related legislations
- Be mindful and has good safety awareness and track record
- Analytical and able to work under pressure and tight schedule
- Strong sense of responsibility with good interpersonal and communication skills
- Ability to work independently and communicate technical concepts in English and Chinese, verbally and written

Candidates with less qualification and/or experience but demonstrate good potential for further development will be considered for a position at lower grade.

Please apply by sending email to hrrs@clp.com.hk giving a detailed C.V., including academic qualification, career history, current and expected salary, major achievements and personal attributes, on or before **18 January 2022**. To facilitate our easy tracking please use a unique file name for all attachments and your email subject box in this format: ***PSBG_WER_CB_EII_Last Name_First Name_Other Names***

Applicants not invited for interview within 6 weeks from the closing date may assume their applications unsuccessful.

Information provided will be for recruitment purpose within the CLP Group and only short-listed candidates will be contacted.
