CLP Power Managing Director Mrs Betty Yuen to take a leave of absence for medical treatment

CLP today announced that Managing Director of CLP Power, Mrs. Betty Yuen, will take a leave of absence to undergo a medical treatment for an early stage of breast cancer that she has recently been diagnosed with.

During her leave, Mrs. Yuen's duties will be taken up by Mr. Richard Lancaster, Chief Operating Officer, who will serve as Acting Managing Director for the Hong Kong business, and Mr. S.H Chan, Corporate Development Director of CLP Power and Managing Director of Hong Kong Nuclear Investment Company Ltd who will oversee the nuclear business.

Mrs. Yuen has communicated with her staff on this arrangement and expressed her thanks for the kind thoughts and support given to her by the whole management team and staff. She is confident that the illness can be overcome in its early stage and that her absence will not impact the operation of the company.

The management of CLP Power will continue to operate its business to its excellent standard as it has for over a century to deliver a highly reliable power supply and an excellent customer service.

About CLP Power

CLP Power Hong Kong Limited is the largest electric utility in Hong Kong serving the business and domestic community in Kowloon, the New Territories, Lantau and most of the outlying islands. Operating a vertically integrated electricity generation, transmission and distribution business, CLP Power provides a highly reliable supply of electricity and excellent customer services to 5.6 million people in its supply area.
