## **CLP Power Voted Hong Kong's Most Attractive Employer**

CLP Power Hong Kong Limited (CLP Power) has been voted the Most Attractive Employer out of 75 largest companies in Hong Kong at the Randstad Award 2016, a public survey conducted by international human resources services firm Randstad. The accolade is testimony to CLP Power's long-standing commitment to attract, nurture and develop talents for the Hong Kong power industry and to invest in human resources development.

More than 5,400 Hong Kong employees and job seekers between the ages of 18 and 65 were surveyed on which of the 75 largest commercial employers they most wanted to work for. A total of 58% of all respondents who knew CLP Power said that they would like to work for the company. CLP Power was best known among respondents for offering long-term job security, career progression, a good work-life balance and financial health, according to the survey.

As one of the largest investor-owned power businesses in Asia, CLP Power employs more than 3,800 people in Hong Kong. CLP Power Chief Corporate Development Officer Ms Quince Chong said CLP Power has been serving Hong Kong for 115 years, providing a safe and reliable supply of electricity at reasonable prices. The company's goal was to make Hong Kong a greener and smarter city and CLP Power was honoured to be chosen for the award by the Hong Kong community.

Ms Chong added, "We strive to create a positive working environment for our employees so that they can perform at their best every day. Our business requires knowledge transfer from one generation to another and at the same time be agile to meet evolving challenges. We take talent development seriously by offering our employees good development opportunities."

CLP Power cherishes employees as its most valuable assets and has developed a comprehensive and holistic staff development and wellness policy as part of a wholesome human resources strategy. "This award is a recognition for our entire workforce, who work tirelessly to serve our customers," said Ms Chong.

The Randstad Award was launched in Belgium in 1999 and has been extended to 25 countries and regions. Run by the international recruitment and human resources service provider Randstad, it recognises the best employers in each market.

### **About CLP Power Hong Kong Limited**

CLP Power Hong Kong Limited (“CLP Power”) is the Hong Kong utility subsidiary wholly owned by CLP Holdings Limited, a company listed on the Hong Kong Stock Exchange and one of the largest investor-owned power businesses in Asia.
