CLP Power Proactively Develops Renewable Energy Projects

CLP Power Hong Kong Limited (CLP Power) has always supported the Government's policies on environmental protection to combat climate change.

Today (25 January), CLP Power Managing Director Mr Paul Poon, Chief Corporate Development Officer Ms Quince Chong and Senior Director – Commercial Mr Edward Chiu briefed the local media in a tea gathering regarding Hong Kong's largest landfill gas power generation project. Castle Peak Power Company Limited (CAPCO), operated by CLP Power, will install power generation units at the West New Territories (WENT) Landfill which will utilise landfill gas as fuel. The electricity produced will be transmitted to the CLP Power's existing power grid. The project is expected to be completed for operation by the third quarter of 2018.
