Industrial Accident in Hung Hom Gillies Avenue South

With regard to the severe industrial accident which took place at Hung Hom Gillies Avenue South yesterday, CLP Power Hong Kong Limited (CLP Power) together with the contractor, is now facilitating relevant government departments in conducting an investigation on the incident. Since an investigation is currently underway, it is not appropriate for the company to further comment on the incident at this stage.

CLP Power believes that the priorities now should be placed on the investigation and providing immediate support to the families of the three deceased contractor workers. CLP Power emphasises that safety is the company's top priority and a dedicated department is in place to ensure all projects are in full compliance with the laws and relevant regulations.

On the matter that the families of the deceased may find the content of the interview by a CLP Power representative uncomfortable or dissatisfactory, CLP Power expresses its apology. CLP Power has no intention of shifting responsibility and will fully cooperate with the relevant government departments in the investigation.
