The determination of performance outcomes is not formulaic, as the HR&amp;RC believes that their overriding responsibility is to exercise judgement and responsibility, ensuring alignment between shareholders and management.</i></p> <p><i>In 2024, climate- and decarbonisation-related indicators considered in determination of Senior Management's pay included progress on the Group's decarbonisation plans and emissions reduction targets, momentum on efforts to expand investment in low-carbon projects, execution of decarbonisation projects including the D2 gas-fired generation unit at Black Point Power Station and the offshore LNG terminal in Hong Kong waters, and progress on securing stakeholder support for long-term Hong Kong decarbonisation plans.</i></p>
